

## Amethyst Imagery Wedding Photography

Our Basic Package starts with your wedding recorded on traditional film with a proof album and is designed for small to medium size weddings which covers the situations listed below. We also offer optional Wedding Album and/or Digital Album on CD or DVD. We only include an outdoor setting of your choice for the formals. Indoor considerations must be arranged by the coordinator and may require an additional cost. If a studio is needed we require two months notice and there will be an additional cost.

**BRIDE'S PREPARATION:** Usually at the bride's home where photographs of the bride, her bride's maid(s) and mother and father will be recorded in the final stages of preparing. There will also be, if possible, portraits of the bride.

**GROOM'S PORTRAITS:** At the church or wedding ceremony site where images are made of the groom, his best man and groom's men as they wait for the bride's arrival.

**THE WEDDING:** At the church or wedding ceremony site where images are made of the bride's arrival, the groom waiting, the procession of the bride, the ceremony (in accordance with the attending minister or JP), the signing of the registry, the presentation of the couple, and the walk down the aisle.

**THE RECEIVING LINE:** Where images are taken of the guests being received by the bridal party.

**FORMALS:** In a park or other arranged location where photographs of the bride and groom, wedding party and the immediate families are done.

**RECEPTION:** Images are taken of the Couple's arrival, the speech makers, the wedding cake, the first dance, the bouquet and garter toss.

We require complete addresses of preparation, wedding and reception locations at least one month ahead of the wedding date. At that time we will require a meeting with the bride and groom to discuss any special requests which are not indicated above as well as names of the wedding party and immediate family members who will be included in the formal photographs. We also request to be in attendance at your rehearsal so we can see how things will go and lend assistance as required.

Please call or email us for a quote.
